

AVOCADO THE WORLD'S MOST ADVANCED NETWORK

JOB TITLE: SENIOR NETWORK ADMINISTRATOR
REPORTS TO : IT OPERATIONS MANAGER
DEPARTMENT : INFORMATION TECHNOLOGY
LOCATION : OXNARD, CALIFORNIA

We've grown to become the world's leader in producing, sourcing, distributing and marketing fresh Hass avocados. As a vertically integrated and public company, our total focus is avocados. We provide customers in over 25 countries with the complete package—year-round supply, global availability, and value-added services.

Our partners are passionate and experienced growers from the most ideal avocado growing regions in the world. To supply customers with the world's finest avocados, we operate packing facilities in five countries and own 11 regional ripening centers worldwide. Our distribution centers and transportation capabilities ensure peak eating-quality avocados from the tree to the customer. And when it comes to food safety, we adhere to the Good Agricultural Practices (GAP) program and Good Harvesting Practices (GHP). We proudly share responsibility with our growers to ensure total satisfaction for our customers.

JOB SUMMARY

The Senior Network Administrator will support the global network and server infrastructure for offices, data centers, distribution/packing facilities and cloud environments. Perform routine administrative tasks such as patching and hardware upgrades/replacements, monitoring network services, responding to break/fix and support requests.
