

GROW WITH US

YOU'LL GET THE MOST VALUE FOR YOUR FRUIT WITH MISSION

Mission Produce is the world's most advanced avocado network with unparalleled access to domestic and international markets. We are committed to supporting your efforts in every way to ensure you receive the highest returns for your crop.

Superior Grower Relations

- Our team of field representatives includes 5 full-time agronomists and most are growers themselves
- Our reps are focused on increasing your yields and ROI
- We provide crop estimates for planning and harvest strategy
- We are accessible year-round

World-Class Equipment and Facilities

- Our facilities have the highest capacity and are the most technologically advanced avocado packing houses in the world
- We have 12 ripening facilities globally and can distribute your fruit anywhere in North America within 24 hours
- Mission owns a fleet of trucks to secure your fruit from the day it's picked
- We offer continuous cold chain management across our network, from hydro-cooler to customer

We Hydro-Cool

- We are the only shipper to use this technology in the US
- We can cool your fruit to 45° in less than an hour
- Our hydro-cooling technology stabilizes the fruit, reduces liability and increases returns

Committed to Food Safety

- We're committed to assisting our growers in becoming Food Safety Certified
- We staff a team of dedicated microbiologists
- We share responsibility with our growers by helping to prepare for audits

We Crunch the Numbers For You

- We share our data and projections to help you make decisions
- We guarantee our pricing and offer volume incentives
- We offer a comprehensive grower website to view your historical packouts, production and returns
- We provide accounting details and timely direct deposit payments
